## SUPPLY CHAIN MANAGEMENT QUARTERLY REPORT

### 1ST Quarter: 01 July 2015 – 30 September 2015

---

#### 1. Purpose:

The purpose of the report is to give feedback on the implementation of the Supply Chain Management Policy for the quarter ended 30 September 2015.

#### 2. Introduction:

The municipal Supply Chain Management Regulations (Promulgated in Government Gazette Number 27636 on 30 May 2005) states the following:

National Treasury promulgated on the 06<sup>th</sup> September 2012 Supply Chain Management Circular (Please see attached **NT MFMA Circular No.62- Supply Chain Management: Enhancing compliance and accountability**) which was aimed at addressing issues such as ; but not limited to; demand management; procurement plans; publication of names of bidders in respect of advertised competitive bids above the threshold value of R200 000; the verification of the names and identity numbers of directors/trustees/shareholders of companies; enterprises; close corporations and trusts against the relevant Municipal structure; process to deal with false declarations by bidders; process to deal with irregular expenditure as a result of false declarations by bidders; the revised Municipal Bidding Document (MBD 4); the verification by the Chief Financial Officer prior to advertisement of bids above R10 million; the confirmation of bidding process in excess of R 10 million; the placing of orders for payment in another financial year; the publication of awards in respect of advertised competitive bids and management of expansion or variation of orders against the original contract.

National Treasury promulgated on the 11<sup>th</sup> December 2012 a **Municipal Budget MFMA Circular No.66 for the 2014/15 MTREF ( Medium Term Revenue and Expenditure Framework)**, which was aimed at providing further guidance to municipalities for preparation of their 2013/14 Budgets and Medium Term Revenue and Expenditure Framework. In generating capacity for spending on key municipal infrastructure, municipalities will have to identify inefficiencies and **eliminate non-priority spending**. The Circular further highlights the current bad practice as conducted by municipalities to spend funds on non-priority expenditure. Municipalities are thus advised to immediately halt this practice and are reminded of the need of resource allocation to be prioritised in expanding public –sector investment, considering the challenging economic landscape.

---

The following examples of non-priority expenditure have been observed by National Treasury and are hereby requested to be eliminated:

- 1- Excessive of music festivals, beauty pageants and sporting events, including the purchase of tickets to events for councillors and/or officials.
- 2- Public relations projects and activities that are not centred on actual service delivery or are not a municipal function (e.g celebrations, gala dinners, commemorations, advertising and voter education);
- 3- LED projects that serve the narrow interests of only a small number of beneficiaries or fall under the mandate of other government departments such as Department of Agriculture
- 4- Excessive caterings for meetings and other events, including the use of public funds to buy alcoholic beverages.
- 5- Arranging workshops and other events at expensive venues, especially ones outside the municipality (as opposed to using municipal venues).
- 6- Excessive printing costs (instead of maximising municipality's website, including providing facilities for the public to access the website);
- 7- Excessive luxurious office accommodation and office furnishing;
- 8- Foreign travelling by Mayors, Councillors and officials, particularly "study tours";
- 9- Excessive Councillors and staff perks such as expensive Mayoral cars and houses, notebooks, I-PADS and cellphone allowances; travel and subsistence allowances. Municipalities are reminded that in terms of Section 7 (1) of the Remuneration of Public office-bearers Act, 1998 ( Act No. 20 of 1998 ), the Minister of Cooperatives Governance and Traditional Affairs must determine the limit of salaries and allowances of the different members of municipal councils and any budget provision may not be outside this framework;
- 10- Excessive staff in the office of the Mayor- particularly the appointment of political "advisors" and "spokespersons";
- 11- All donations to individuals that are not made in terms of the municipality's indigent policy or a bursary scheme, for instance donations to cover funeral costs ( other than pauper burials which is a district municipality function );
- 12- Costs associated with long-standing staff suspensions
- 13- and the legal costs associated with not following due process when suspending or dismissing staff, as well as payment of severance packages or 'golden handshakes; and
- 14- The use of consultants to perform routine management tasks, and payment of excessive fees to consultants.

Eliminating of non-priority expenditure must not be limited to the above-mentioned examples as provided by National Treasury. Municipalities are therefore encouraged to apply their minds.

---
