## PUBLIC NOTICE: ESTABLISHMENT OF WARD COMMITTEES

Public participation is a corner stone of our participatory democracy, it provides citizens with a right of participating in the governance of their communities.

Section 73 of Local Government: Municipal Structures Act, 1998 (Act 117 of 1998), require that the municipalities must establish ward committees as a means of participatory democracy.

Ward committees provide communities with a platform for participating in planning, monitoring and budgeting to address community needs. This enhances communication and involvement with the communities as a whole.

To this effect, dates for the establishment of the ward committees are as follows and communities of respective wards are requested to play active part in the elections of ward committees;
